

## PayneGroup Workflow Products Team Adds Steve Pursell

**SEATTLE, WA – March 27th, 2017.** PayneGroup is happy to announce the addition of Steve Pursell to the Workflow Products Group. This group focuses on the PayneGroup Forms and Numbering Assistants. Steve joins as a senior software developer.

Steve Pursell spent the past two years working as a software engineer in the health care industry. Before that, he worked at Harry & David Corporation for 16 years as a Senior Applications Programmer. Steve received a Bachelor of Science in Mathematical Sciences from the University of Washington.

"We are investing heavily in taking our products and customer support to the next level," said Donna Payne, CEO and founder of PayneGroup. "I've had the pleasure of working with Steve, and know he will make an invaluable impact."

### About PayneGroup

PayneGroup is a leading provider of security software including the Outlook Send Assistant, which prevents Reply to All, BCC and other potential accidental disclosures, Redact Assistant, which is a redaction tool for Word and Excel files, and Metadata Assistant, the first metadata removal software on the market. The Workflow product division includes Forms and Numbering Assistants, which aid in the creation and formatting of documents. PayneGroup provides extensive professional services, ranging from software migration consulting, training and help desk services to project management and courseware development. PayneGroup has also authored 13 books on Microsoft Office.
